NOTES:

To declare major

- Take 220:102 (*Intro to Micro*), 220:103 (*Intro to Macro*) and 640:135 (*Calculus I*)
- Receive a grade of C or better in all three of the above courses.
- Log onto MyMajor.SAS.Rutgers.edu and select Economics as your first or second major.
- (Optional) Come to New Jersey Hall, Room 202 anytime during normal business hours to be advised.

To graduate with economics major

- Grade of C or better in all the Core classes listed above.
- Credit for seven electives in economics; at least four of these must be “upper-level” electives. See the front of this sheet for lists of the lower- and upper-level elective courses in economics. As of Fall 2016 all upper level electives are 400-level. See attached concordance of upper level electives showing old and new numbers.
- Starting in Spring 2010, *Managerial Economics* (220:308) will no longer be counted toward the major. However, students who took *Managerial Economics* (220:308) before Spring 2010 will be allowed to use the course as a lower-level elective towards the major.
- Students may use no more than two of the following courses for the Economics major: *International Economics* (220:300), *International Trade* (220:435), and *International Balance of Payments* (220:436).
- A limit of one grade of D in an elective may be counted toward the major.
- A minimum GPA of 2.0 in your economics classes is required. Calculus and Statistics do not count in the determination of your economics GPA.
- A maximum of three approved classes taken outside the RU-New Brunswick Economics Department can be counted toward the major

To graduate with economics minor

- Grade of C or better in 220:102 (*Intro to Microeconomics*), 220:103 (*Intro to Macroeconomics*),
- For the remaining four courses that count toward the economics minor, a limit of one grade of D may count toward the minor.
- *Managerial Economics* (220:308) may be used as elective for the minor.
- Starting Fall 2010, students may only use only **one** of the following two courses towards the Economics minor: *Managerial Economics* (01:220:308) and *Engineering Economics* (14:540:343).
- A maximum of two approved classes taken outside the RU-New Brunswick Economics Department can be counted toward the minor

Accounting Classes

- *Intro to Financial Accounting* (010:272) and *Intro to Managerial Accounting* (010:275) may be used as lower-level electives for the Economics major. However, they are counted as classes taken outside the RU-New Brunswick Economics Department.

Policy on Courses from RU-Newark and RU-Camden

- Students will no longer be able to use RU-Newark and RU-Camden courses in Intermediate Microeconomics, Intermediate Macroeconomics, and Econometrics towards the SAS Economics major. Please note that this policy is not retroactive: students who have taken these courses in the Spring of 2011 or earlier semesters will be allowed to use them to fulfill SAS Economics major requirements.
- Intro to Micro and Macro classes taken at RU-Newark or RU-Camden need to be preapproved. See our policy on Online Courses and Short Courses.

Policy on Online Courses

- We do not accept courses as prerequisite equivalent when grades are not substantially based on proctored or identity-secure administration of a cumulative final exam (i.e. 50% or more of the final grade). All online courses should be preapproved.

Policy on Short Courses (Winter Session)

- Courses that meet for less than 4 weeks will not be accepted for transfer towards the Economics Major.
